CONSTRUCTION ALERT!

*Pardon our construction as we
build your future home on
campus...THE SAMUEL
RIGGS IV ALUMNI CENTER*

Before you know it, you will enter Byrd Stadium after crossing a spacious brick plaza and strolling past elegant gardens on your way to football games in 2005. The Riggs Alumni Center will be a campus destination, a gathering place for meeting old friends, for remembering and reconnecting. Think of it as part nostalgic museum, part up-to-the-minute conference center and part emotional retreat space, where alumni can relax and reminisce. It's a place to call your own when you visit College Park.

To enter Byrd Stadium from Lots Z, 1 and AA during the upcoming football season: use the pedestrian walkway that will be located on the west side of the construction site; follow along Valley Drive, en route to the West Gate (Gate F) near the Stadium Drive Parking Garage; OR proceed to the east side of the construction site, down the sidewalk, towards the South Gate (Gate I), near Tyser Tower; OR you may also continue past the South Gate, beyond Tyser Tower, to the Auto Gate (this entrance area has been expanded for easier fan access). An information booth and representatives will be located outside of the construction site during each home football game to answer questions about the Riggs Center, our eagerly anticipated campus attraction.
