# GATOR BOWL

## GATOR BOWL JACKSONVILLE JAN. 1, 1948

# MARYLAND 20 GEORGIA 20

In front of the first capacity crowd in Gator Bowl history, 16,666, Maryland's Lu Gambino was a one-man wrecking crew, rushing for 165 yards and scoring three touchdowns. Gambino's three scores propelled Maryland to a 20-7 lead, but Georgia reeled off 13 points in the fourth quarter to tie the game. The Bulldogs threatened to win the game in the closing seconds, but time ran out with Georgia on Maryland's four-yard line. Despite the tie, there was no question as to the game's most valuable player. Gambino won the Burkhalter Award, signifying the game's outstanding performer. Gambino was inducted into the Gator Bowl Hall of Fame in 1992.

## GATOR BOWL JACKSONVILLE JAN. 2, 1950

# MARYLAND 20 MISSOURI 7

Three times in the first half Missouri turned the ball over, and all three times Maryland scored a touchdown as the Terrapins defeated the Tigers, 20-7, to earn their first-ever postseason victory. The Terrapin running attack, led by Bob Shemonski and Ed Modzelewski, amassed 266 rushing yards, the second-most by a Maryland bowl team. Maryland defensive back John Idzik set up Maryland's first score with a 26-yard interception return to the Tiger 11-yard line. Shemonski scored on a sweep on the next play for the go-ahead touchdown. Shemonski scored again on a six-yard run late in the second quarter to put the Terps up 20-0.

# SUGAR BOWL

**TULANE-SUGAR BOWL  
NEW ORLEANS  
JAN. 2, 1952**

# MARYLAND 28 TENNESSEE 13

In what may have been perhaps the biggest win in Maryland football history, the Terps upset No. 1-ranked and regular season national champion Tennessee, 28-13, in the 1952 Sugar Bowl. The Terps were led by running back Ed "Mighty Mo" Modzelewski (153 yards on 28 carries) and the brilliant play of running back/defensive back Ed Fullerton who scored two touchdowns and threw for another. The Terps put the game out of reach in the third quarter with a 46-yard interception for a touchdown by Fullerton, giving the Terps a 28-6 lead. Maryland finished the season with an overall record of 10-0-0 and a No. 3 national ranking.

# ORANGE BOWL

**ORANGE BOWL  
MIAMI  
JAN. 1, 1954**

# OKLAHOMA 7 MARYLAND 0

This was the first game of the contract that pitted the Big Eight Conference champion against the Atlantic Coast Conference champion. The Terrapins took an undefeated season and the nation's No. 1 ranking into the game against an Oklahoma squad that used a powerful running attack to grind out a second quarter touchdown to propel the Sooners to a 7-0 win. Twice the Terps had first down opportunities with the ball inside the 10-yard line and failed to come away with any points. Despite the narrow loss, the Terrapins claimed the 1953 national championship.

# OKLAHOMA 20 MARYLAND 6

The third-ranked Terps came into the Orange Bowl riding a 15-game winning streak, only to have it snapped by an Oklahoma team that extended its winning streak to 30 games with its 20-6 win. The Terps, who led 6-0 at halftime, were stunned when the Sooners went into their famous "fast break offense" and reeled off two third quarter touchdowns to earn the national championship. Ed Vereb, who scored the Terps' lone touchdown, finished with 108 rushing yards. Maryland was hurt by five turnovers.

# PEACH BOWL

**FULTON COUNTY STADIUM ATLANTA DEC. 28, 1973**

# GEORGIA 17 MARYLAND 16

Maryland came away from its first bowl game in 18 years a bitterly disappointed team. The Terrapins dominated Georgia in all phases, but the game was tied 10-10 at the half thanks to a couple of big plays by the Bulldogs. In the third quarter, a costly Terp fumble led to Georgia's go-ahead touchdown. Seven times the Terrapins were inside the Georgia 20-yard line, coming away with only nine points. The Terps' lone touchdown came via Walter White's 68-yard touchdown reception.

**LIBERTY BOWL MEMORIAL STADIUM MEMPHIS DEC. 16, 1974**

# TENNESSEE 7 MARYLAND 3

The Maryland defense, led by All-ACC defensive tackle Randy White, shut out Tennessee for nearly four quarters but lost the game when the Volunteers' quarterback, Randy Wallace, found Larry Seivers for an 11-yard touchdown pass with 2:08 to play. The Terps were punting from their own 13 when a bad snap from the center was recovered by the Volunteers on the Maryland seven-yard line. Maryland had a chance to win the game but an apparent 20-yard touchdown pass was ruled out of bounds.

**GATOR BOWL JACKSONVILLE DEC. 29, 1975**

# MARYLAND 13 FLORIDA 0

The ACC champion Terrapins headed into the 1975 Gator Bowl as a seven-point underdog to the Florida Gators. However, this did not deter the Terps, who were coming off their best season (8-2-1) in 20 years. Maryland shut out the Gators, 13-0, in front of a large pro-Florida crowd in a steady downpour. The Maryland defense held the SEC's total offense leader scoreless and intercepted two Florida passes which led to the first 10 Maryland points. This was the first Terp win over an SEC team since 1955.

## HOUSTON 30 MARYLAND 21

Maryland entered the 1977 Cotton Bowl with a perfect 11-0 record, but the hopes for a perfect season were dashed quickly when Houston scored 21 first-quarter points en route to a 30-21 win. The Cougars rushed for a total of 320 yards in the game and 144 in the 21-point first quarter. The Terps cut the lead to 27-21 in the fourth quarter, but a 5:42 drive by the Cougars late in the quarter resulted in a field goal, slamming the door on any Terp comeback hopes.

# TENNESSEE 30 MARYLAND 23

Tennessee scored two touchdowns in the fourth quarter to overcome a 20-16 deficit and defeat the Terps, 30-23, in the 1983 Citrus Bowl. Maryland took a four-point lead into the fourth quarter, thanks to outstanding play from reserve quarterback Frank Reich. Reich entered the game in the second quarter when starter Boomer Esiason suffered a shoulder injury. Reich's one mistake of the day, an interception early in the fourth quarter, set the Vols on Maryland's 14-yard line which led to a Tennessee touchdown run that was the difference.

## MARYLAND 28 TENNESSEE 27

The Maryland Terrapins were truly the comeback team of 1984. Maryland trailed Tennessee 21-0 at halftime and erupted for a Terrapin bowl record 22 points in the third quarter. Frank Reich's third-quarter touchdown pass to Ferrell Edmunds put the Terps up 22-21, but the ensuing kickoff was returned for a touchdown by the Volunteers to give them a 27-22 lead. Then with 8:03 left to play, the Terps' offense pounded out a 5:05 drive that was capped by a one-yard scoring run by Rick Badanjek for the game-winning touchdown.

## MARYLAND 35 SYRACUSE 18

Quarterback Stan Gelbaugh completed 14 passes for 223 yards, threw two TDs and rushed for another as Maryland defeated Syracuse 35-18. The Terrapins, who trailed 3-0 early in the first quarter, took their first lead thanks to Gelbaugh's four-yard touchdown run. Trailing 10-6 in the second quarter, Gelbaugh hit tight end Chris Knight for a three-yard score to put the Terps in the lead for good. The touchdown pass also was the start of a 22-point second quarter that tied a Maryland bowl record for points scored in a quarter.

## MARYLAND 34 LOUISIANA TECH 34

Tech's Chris Boniol hit a 29-yard field goal with no time remaining in the 1990 Independence Bowl, allowing the Bulldogs to escape Shreveport with a 34-34 tie. The Terrapins fell behind 31-20 early in the fourth quarter but rallied to take the lead when Scott Zolak threw a 15-yard touchdown pass to Brad Johnson with :52 remaining. However, on the ensuing kickoff, Tech's Lorenzo Baker returned the kick 41 yards to start the Bulldog drive on the Maryland 39-yard line. Five plays and 28 yards later, Boniol kicked his second field goal of the game to even the score.

## FLORIDA 56 MARYLAND 23

Maryland made its first bowl appearance since 1990, but fell to the fifth-ranked Florida Gators, 56-23. Florida's Rex Grossman came off the bench to throw for 248 yards and four touchdowns. The Gators jumped out to a 14-0 lead, but the Terps rallied to close to within 14-10. Florida, however, scored five unanswered touchdowns to pull away. Marc Riley rushed for two touchdowns for the Terps. The teams combined for an Orange Bowl record 79 points and 1,019 total yards.

## MARYLAND 30 TENNESSEE 3

The Terps posted their first bowl win since 1985 with a dominating performance over the Tennessee Volunteers. QB Scott McBrien ran for a pair of touchdowns, Nick Novak booted three field goals, All-America linebacker E.J. Henderson registered 12 solo tackles, and cornerback Curome Cox returned an interception for a touchdown to highlight Maryland's performance. The Terps never trailed in the game, taking their opening possession in for a touchdown on a one-yard run by McBrien and taking a 17-3 lead into intermission. It was the most lopsided bowl loss in UT history.

## MARYLAND 41 WEST VIRGINIA 7

Former Mountaineer Scott McBrien threw for a career-high 381 yards to help Maryland to a 41-7 victory over West Virginia in the Gator Bowl, a rematch of a regular-season game that was almost as lopsided. Playing against the team he left in 2001, McBrien threw for three scores and ran for another. His teammate, Steve Suter, returned a punt for a touchdown and made a highlight-reel catch to help the once-downtrodden Terrapins reach 10 wins for the third-straight year under coach Ralph Friedgen.

# MARYLAND

## **“STRIVE FOR CLARITY, BUT ACCEPT AND UNDERSTAND AMBIGUITY.”**

That phrase captures one way in which an educated person approaches the world and its challenges. Students who graduate from the University of Maryland have been exposed to the tools that allow them to put that perspective to work. Imparting such a perspective may be an ambitious project for undergraduate education, but to aim for anything less would be unworthy of a great university's goals for its students. Thirteen years ago, Promises to Keep, a plan for undergraduate education at Maryland, articulated those goals so eloquently we repeat them here.

Undergraduate education at Maryland “aims to provide students with a sense of identity and purpose, a concern for others, a sense of responsibility for the quality of life around them, a continuing eagerness for knowledge and understanding, and a foundation for a lifetime of personal enrichment.”

As we learn with and from one another, we try to “develop human values,” “celebrate tolerance and fairness,” “contribute to the social conscience,” “monitor and assess private and collective assumptions,” and “recognize the glory, tragedy and humor of the human condition.”

Your years at the University of Maryland can provide you with all the tools you need to accomplish these goals. Students here are “educated to be able to read with perception and pleasure, write and speak with clarity and verve, handle numbers and computation proficiently, reason mathematically, generate clear questions and find probable arguments, reach substantiated conclusions and accept ambiguity.”

**AND WE ALSO HOPE YOU ENJOY THE JOURNEY.**

# UNIVERSITY OF MARYLAND

## THE CAMPUS

By virtually every measure of quality, the University of Maryland has gained national recognition as one of the fastest-rising comprehensive research institutions in the country. The momentum of recent years has poised the university to move it into the top ranks of higher education and take leadership in shaping the research university of the 21<sup>st</sup> century.

The university has enjoyed a decade of momentum in all of the areas that affect quality. The average high school GPA of entering students has zoomed from 3.01 to nearly 3.90, and the average SATs are now more than 1270. The student body is a model of diversity, with minorities making up more than 33 percent of all students, and at least one graduate and undergraduate student from every state in the nation.

The university has 79 graduate and undergraduate programs ranked in the Top 25 by U.S. News and World Report, up from just one program in 1991.

Sponsored research and outreach has nearly tripled in the same 10-year period, exceeding \$350 million last year. Private giving also has increased, and the university last year concluded its first campaign by topping its \$350 million goal by more than \$100 million. Alumni Association membership has been growing at an average rate of 10 percent a year since 1992.

One of the largest research universities in the United States, Fall 2005 enrollment was 25,442 undergraduate and 9,927 graduate students. There are 94 undergraduate programs, 89 master's programs, 70 doctoral programs and one first professional degree program. More than 100 centers and institutes are engaged in research and outreach.

Faculty at the University of Maryland, in all fields of knowledge, are engaged at the highest levels of national and international concern. The university's location near the center of federal policy-making and international political and economic activity enables it to play an active role in research and analysis of public policy.

Maryland is one of 30 public universities in the prestigious 63-member Association of American Universities and the only public institution in the Maryland-D.C. area with membership in the nation's most distinguished honor society, Phi Beta Kappa.

## LIBRARIES

Seven libraries make up the University of Maryland library system: McKeldin (main) Library, Architecture Library, Art Library, Engineering and Physical Sciences Library, Hornbake Library, Performing Arts Library and White Memorial (Chemistry) Library.

These libraries constitute the largest university research library institution in the Washington metropolitan area, providing vital resources to researchers, visiting scholars, and businesses throughout the region. The libraries' holdings include more than 2.5 million volumes, 24,000 subscriptions to periodicals and nearly 5 million items available in microfilm format.

## RESEARCH

Opportunities for conducting research abound at the University of Maryland, College Park, and in the surrounding area, both for faculty to advance their own expertise and bring their insights into the classroom, and for students to begin their exploration of their unique interests with practical experience. On campus, special facilities and a number of organized research centers, bureaus and institutes promote the acquisition and analysis of new knowledge in the arts, sciences and applied fields.

The university's enviable location — just nine miles from downtown Washington, D.C., and approximately 30 miles from both Baltimore and Annapolis — enhances the research of its faculty and students by providing access to some of the finest libraries and research centers in the country.

## SERVICE

Programs of public service are central to the overall mission of the university. The philosophy is reflected in the wide array of programs and initiatives that benefit the state's business, agriculture and education communities.

With more than 90 high-technology firms in the three-county area of Montgomery, Prince George's and Frederick counties, the university has found abundant opportunity to extend its business and technology outreach programs to the region. Many of these programs are part of the Engineering Research Center, which operates the Technology Advancement Program and the Maryland Industrial Partnerships, programs designed to provide Maryland entrepreneurs and small businesses with research facilities, technical assistance, administrative support and access to technology that will advance their economic base.

The Institute for Systems Research has formed partnerships with major corporations, including Lockheed Martin, Westinghouse, BF Goodrich, Hughes Aircraft and Dupont to apply advanced systems research to solving industry problems in the fields of communications, manufacturing, controls and robotics.

The university opened the Clarice Smith Performing Arts Center in 2001, with its six state-of-the-art performance halls, which has quickly become a center of cultural programming in the Washington metropolitan area. The university also boasts four art galleries and a broad range of public art throughout the beautiful campus. Additionally intercollegiate, club and intramural sports provide students of all levels an opportunity to participate as spectators or athletes.

### DID YOU KNOW?

In 1991, Maryland had one program listed among Top 25 entrants in the U.S. News & World Report Rankings. Maryland now has 79 programs ranked among the nation's elite, and the university is ranked 18th nationally among public universities.

A report card published in Technology Review rated the top U.S. universities in their quest for intellectual property, commercial partners and profits. Johns Hopkins University and the University of Maryland (28th) were the Mid-Atlantic (Delaware, Maryland, Virginia, District of Columbia) schools to make the "campus patenting" top 50 list.

*Black Issues In Higher Education* ranked the university fourth nationally in bachelor's degrees earned by African-American students at traditionally white schools. Maryland ranks first in African-American undergraduate degrees in social sciences and history.

*The Wall Street Journal* ranked the Robert H. Smith School of Business No. 15 among the world's business schools. Maryland is the top-ranked school in the Mid-Atlantic region (Delaware, Maryland, District of Columbia, Virginia). *The Financial Times of London* ranked the Robert H. Smith School of Business No. 3 in value for money, No. 6 overall among U.S. public business schools and No. 12 in placement rate.

In the undergraduate program rankings released by *U.S. News & World Report* both the A. James Clark School of Engineering (No. 22) and the Robert H. Smith School of Business (No. 22) were ranked among the top 25.

# PRESIDENT C.D. MOTE JR.

In September 1998, C. D. (Dan) Mote, Jr. began his tenure as President of the University of Maryland and Glenn L. Martin Institute Professor of Engineering. He was recruited to lead the University of Maryland to national eminence under a mandate by the state. Since assuming the presidency, he has encouraged an environment of excellence across the University and given new impetus to the momentum generated by a talented faculty and student body. Under his leadership, academic programs have flourished. In 2005, the University was ranked 18th among public research universities, up from 30th in 1998. President Mote has emphasized broad access to the university's model, enriched undergraduate curriculum programs and launched the Baltimore Incentive Awards Program to recruit and provide full support to high school students of outstanding potential who have overcome extraordinary adversity during their lives.

He has spurred the university to lead the state in the development of its high-tech economy, especially in the information and communication, bioscience and biotechnology, and nano-technology sectors. President Mote has greatly expanded the university's partnerships with corporate and federal laboratories and successfully negotiated to bring to the College Park area the first Science Research Park sponsored by the People's Republic of China. Under his leadership, the University has established a research park, The University of Maryland Enterprise Campus, M-Square, located on a 115-acre site adjacent to the University of Maryland/College Park Metro with 3 million square feet of development potential. Among its first tenants are the Center for Advanced Study of Language, a joint venture of the University and Department of Defense, and the National Oceanic and Atmospheric Administration's new World Weather and Climate Prediction Center.

During President Mote's second year in office, the University began the largest building boom in its history, with more than \$100 million in new projects breaking ground that year. New facilities address every aspect of university life, from the arts to recreation to classrooms and laboratories, and, in creative partnership with the

private sector, new residential facilities. Highlights of the construction activity include the stunning Clarice Smith Performing Arts Center; the Comcast Center, a state of the art sports complex; a high tech research greenhouse; and new classrooms for chemistry, computer science, business and engineering. President Mote also led the development of a new Facilities Master Plan for development in the next 20 years, which is noted for its emphasis on environmental stewardship.

Dr. Mote is a leader in the national dialogue on higher education and his analyses of shifting funding models have been featured in local and national media. He has testified on major educational issues before Congress, representing the University and higher education associations on the problem of visa barriers for international students and scholars and on deemed export control issues. He has been asked to serve on a high level National Academies Committee appointed at the request of the Senate Energy Subcommittee of the Senate Energy and Natural Resources Committee to identify challenges to United States leadership in key areas of science and technology and to be a member of the Leadership Council of the National Innovation Initiative, an activity of the Council on Competitiveness. He has served as vice chair of the Department of Defense Basic Research Committee, and is a member of the Council of the National Academy of Engineering. In 2004-2005, he served as President of the Atlantic Coast Conference. In its last ranking in 2002, "Washington Business Forward" magazine counted him among the top 20 most influential leaders in the region.

Prior to assuming the Presidency at Maryland, Dr. Mote served on the University of California, Berkeley faculty for 31 years. From 1991 to 1998, he was Vice Chancellor at Berkeley, held an endowed chair in Mechanical Systems and was President of the UC Berkeley Foundation. He led a comprehensive capital campaign for Berkeley that raised \$1.4 B. He earlier served as chair of Berkeley's Department of Mechanical Engineering and led the department to its number one ranking in the National Research Council review of graduate program effectiveness.

Dr. Mote's research lies in dynamic systems and biomechanics. Internationally recognized for his research on the dynamics of gyroscopic systems and the biomechanics of snow skiing, he has produced more than 300 publications, holds patents in the U.S., Norway, Finland and Sweden, and has mentored 56 Ph.D. students. He received the B.S., M.S. and Ph.D. in mechanical engineering from the University of California, Berkeley. President Mote has received numerous awards and honors, including the Humboldt Prize awarded by the Federal Republic of Germany. He is a recipient of the Berkeley Citation, an award from the University of California-Berkeley similar to the honorary doctorate, and was named Distinguished Engineering Alumnus. He has received two honorary doctorates. He is a member of the U.S. National Academy of Engineering and serves on its Council, and is a member of the American Academy of Arts and Sciences. He was elected to Honorary Membership in the ASME International, its most distinguished recognition, and is a Fellow of the International Academy of Wood Science, the Acoustical Society of America, and the American Association for the

Advancement of Science. In Spring 2005, he was named recipient of the 2005 J. P. Den Hartog award by the ASME International Technical Committee on Vibration and Sound to honor his lifelong contribution to the teaching and/or practice of vibration engineering. In Fall 2005, he received the 2005 Founders Award from the National Academy of Engineering in recognition of his comprehensive body of work on the dynamics of moving flexible structures and for leadership in academia.

He and his wife of over 40 years, Patricia Mote, have two married children, Melissa and Adam, and four grandchildren. Patsy Mote has continued her strong support of the arts and is spokesperson for the Clarice Smith Performing Arts Center and a member of Prince George's County Arts Commission.

## UNIVERSITY SYSTEM OF MARYLAND

William Kirwan	Chancellor
Irwin Goldstein	Vice Chancellor for Academic Affairs
Joseph A. Vivona	Vice Chancellor for Admin. And Finance

## UNIVERSITY ADMINISTRATION

C.D. Mote Jr.	President
William Destler	Vice President for Academic Affairs, Provost
Linda Clement	Vice President for Student Affairs
Jacques Gansler	Vice President for Research

Clifford M. Kendall	
Cheryl G. Krongrad	
The Hon. Marvin Mandel	
A. Dwight Pettit	
The Hon. Lewis R. Riley, ex officio	

# DEBORAH A. YOW

## DIRECTOR OF ATHLETICS • 13TH YEAR AT MARYLAND

Deborah A. Yow is in the 13th year of her outstanding tenure as director of athletics at the University of Maryland, a tenure that has seen unprecedented success and achievement in Maryland athletics. Each year has brought steady and continued improvement and accomplishment in Terrapin athletics. In Yow's 13 years at Maryland, the Terrapins have

won a remarkable 14 national championships and graduated student-athletes at an enviable rate as Maryland athletics has soared to sustained new heights among the nation's elite intercollegiate athletic programs.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony of her values of **excellence, teamwork** and **accountability**.

Likewise, her prior election to the presidency of the National Association of Collegiate Directors of Athletics is an indication of the wide respect with which she is regarded among its 6,100 members representing 1,600 colleges and universities in the U.S. and Canada.

She was honored recently by Street and Smith's Sports Business Journal as one of the 20 most influential people in intercollegiate athletics and she has received the Carl Maddox Sport Management Award presented by the United States Sports Academy for excellence in athletics administration.

Dr. Yow was selected to serve on the U.S. Department of Education's Commission on Opportunities in Athletics to review the status of Federal Title IX regulations. She recently served as the chair of the Atlantic Coast Conference Committee on Television. The committee is charged with overseeing the league's TV contracts and dealing with issues related to television. Yow led the committee during the successful renegotiation of comprehensive, multi-year ACC football and basketball contracts with ABC, ESPN, ESPN2 and syndication entities.

Additionally, she has represented intercollegiate athletics with presentations in a number of prominent settings such as the Harvard University School of Law conference on "Shaping the Future of Collegiate Athletics" and the Street and Smith's Sports Business Journal "National Forum on the Direction of Intercollegiate Athletics" in New York. She was also recently inducted into the State of Maryland Women's Hall of Fame, the North Carolina Sports Hall of Fame and the University of Maryland Sports Hall of Fame.

Yow, who has served on the NCAA Management Council and the NCAA Division I Budget Committee, is a strong and steady voice on behalf of intercollegiate athletics in America.

Since taking over as AD at Maryland in 1994, she and her staff have:

- Transformed Terrapin athletics into a responsive, goal-oriented organization with 27 sports and more than 700 student-athletes.
- Balanced all 12 of the department's annual budgets (none of the budgets were balanced in the 10 years prior to her arrival). The budget has now reached \$52 million annually and the multi-million dollar accumulated operating debt which her administration inherited has been eradicated.
- Greatly enhanced the academic support services provided for student-athletes, with an enviable exhausted eligibility graduation rate of approximately 85 percent for student athletes at Maryland.
- Led the Terrapins to a national all-sports ranking in the upper 7 percent of all NCAA Division I institutions.

- Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased over 350 percent and corporate sponsorship revenues have increased by over 300 percent during her tenure at Maryland.
- Continued to dramatically improve venues and facilities for the department's 27 teams. The Comcast Center for men's and women's basketball and other sports that use the facility is a prime example of the dramatic upgrade of athletic facilities.
- Implemented a strategic management model.
- Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.
- Significantly improved customer care in every area of Maryland athletics.

The most recent achievements of Maryland athletics are exceptional:

- Maryland captured a remarkable **four national championships** during the 2005-06 academic season.
- In 2005-2006, the Terrapins achieved the highest student-athlete graduation rate in the history of Maryland athletics.
- Maryland was selected by *U.S. News & World Report* as one of the Top 20 athletic programs in the nation (for overall quality and competitive excellence).
- In 2005-06, Maryland Athletics won the inaugural PRISM Award as the most well-managed Division I collegiate athletics program in the nation.
- In men's basketball, the Terps won the Atlantic Coast Conference title over Duke in the championship game in 2004 and won the NCAA National Championship in 2002. Under Coach Gary Williams, the men's basketball team appeared in 11 consecutive NCAA Tournaments.
- Maryland was ranked as the sixth-finest athletic program in the nation by the Laboratory for the Study of Intercollegiate Athletics, based on comprehensive criteria such as graduation rates, financial efficiency, equity effectiveness and competitive excellence.
- Women's basketball won the 2006 NCAA National Championship under head coach Brenda Frese, completing an amazing turnaround that saw the program go from a 10-18 record to a National Championship in four seasons.
- In football, the Terps won the 2001 Atlantic Coast Conference championship and played in the 2002 Orange Bowl, followed that with an 11-win season and a 30-3 victory over the University of Tennessee in the Peach Bowl, again followed by a 10-win season and a 41-7 win over West Virginia in the Gator Bowl on New Year's Day 2004. *Graduation rates in football are near 80 percent and the program was recently recognized by the American Football Coaches Association for its academic excellence under Coach Ralph Friedgen.*
- Additionally, Maryland is one of only two universities in the nation to win National Championships in men's basketball, women's basketball and football. Stanford is the only other NCAA Division I institution to achieve that mark.
- Set an ACC single-game record for women's basketball attendance by drawing 17,243 to a regular-season game at Comcast Center.
- Hired Dave Cottle, the third-winningest active men's lacrosse coach in the U.S., who guided his team to the NCAA Final Four three times in the past four seasons.
- Field Hockey won back-to-back National Championships in 2005 and 2006, proving Maryland to be one of the top programs in the nation.

- Women's Lacrosse has continued its winning ways with seven national championships from 1995-2001, with additional Final Four appearances.
- Men's Soccer has appeared in four consecutive Final Fours and won the NCAA National Championship in the 2005-06 season.
- Football facilities have been significantly enhanced with team house, stadium and practice field upgrades. The Academic Center was the first improvement, as it took priority over all other initiatives.
- The Terrapins have moved into the new \$125 million Comcast Center, housing athletic department offices and seating for 18,000 fans for basketball and other events.
- In 2005-06, 13 Maryland teams competed in postseason play.
- The productivity, morale, and the competitive and academic achievement of Terrapin athletics are exceptional and continue to gain momentum.

Regarding the many achievements of Terrapin athletics over the past 12 years, Yow says, "**We are pleased, but we are not satisfied... our vision is to be one of the Top 5 programs in the nation consistently... we see no reason to settle for less.**"

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to "**raise our sights and sharpen our tools... to work hard and work smart... to recognize that our only limitations are those that we place upon ourselves.**"

As a manager and a leader, she clearly models these principles. She is the only known current AD in NCAA Division I who has hired both the National Coach of the Year in football (while at Maryland) and the National Coach of the Year in men's basketball (while at Saint Louis University). In 2002, she brought to the University of Maryland Brenda Frese, who at that time was the National Coach of the Year in women's basketball. Four years later, Frese led the Terrapins to the NCAA National Championship at the Women's Final Four in Boston.

Dr. Yow is known as "a coach's AD," while also being highly organized and a strategic and proactive leader and administrator. Quite simply, Debbie Yow personifies the relational and management dynamics that are necessary to be an excellent administrator.

A successful former basketball coach at the University of Kentucky and University of Florida, she moved into athletics administration at the University of Florida and the University of North Carolina, Greensboro, followed by a successful tenure as AD at Saint Louis University from 1990 through 1994.

She has authored numerous articles and books on athletics management and human behavior, and is a respected leader in intercollegiate athletics in the United States.

Summing up the entire Maryland athletics program, our athletics director recently stated, "We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets, our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the M Club members who serve and give liberally. We are also blessed with a terrific President, Dr. Dan Mote, who has fostered a mindset of excellence across our institution. He is a strong and balanced advocate for what he calls 'the three A's of the University -- Academics, the Arts and Athletics'. We have a great Terrapin family. That's the foundation for all of our success... and the basis for our bright future. It's a great time to be a Terp."
