GOLF

THE UNIVERSITY OF MARYLAND GOLF COURSE

The home of the Terrapins' men's and women's golf teams is an 18-hole, 6,700-yard championship course conveniently located on the north perimeter of the College Park campus. The classic parkland layout was designed by George Cobb and built in 1955 and renovated in 2008-09. Its semi-private facilities include a 5,000 square foot putting green, separate chipping greens and a 45-station driving range that was entirely renovated in 2006. The newly constructed clubhouse was completed in April 1999 and features a private Maryland Golf Suite, including a team lounge, team locker room facilities and coaches' offices.

THE HOLMAN SHORT GAME GOLF FACILITY

This state-of-the-art facility opened in the fall of 2008. Located in a secluded area near the fourth hole of the University of Maryland Golf Course, the Holman Short Game Facility is exclusively for the use of the Terrapins' men's and women's golf teams and will feature:

THREE PRACTICE GREENS

- One putting green (Bent grass)
- One chipping green (Bent grass)
- One pitching green (Zoysia grass)

MULTIPLE FAIRWAYS PROVIDING APPROACH SHOTS OF UP TO 100-YARDS:

- Separate fairway areas of Bent grass, Bermuda grass and Fescue grass
- Slope, mounds and hollows providing for varied lies
- Rough of varying height and thickness

MULTIPLE FAIRWAY BUNKERS

MULTIPLE GREEN-SIDE BUNKERS

SEASON OUTLOOK

SOLID FRESHMAN CLASS HAS TERPS ON RISE IN 2008-09

For a few years, Jason Rodenhaver was able to submit the same lineup card for the University of Maryland women's golf team when it traveled to tournaments.

Two names consistently on the card were Kelly Calkin and Katie Trotter, who finished their careers having played in every competitive event over a four-year period.

After the Spring 2008 season, though, Calkin and Trotter are now part of the Terrapin alumnae, and Rodenhaver, now in his 10th season as the only head coach in the history of the women's golf program, is signing in some new names who will control Maryland's fortunes for the seasons to come.

The 2008-09 Maryland lineup is expected to have at least four underclassmen, who will be asked to grow up quickly against a national-level schedule that includes play in the always-tough Atlantic Coast Conference.

"We've been fortunate the last three years to have a veteran team," said Rodenhaver. "We had the same team for the two NCAA seasons with the same exact lineup.

"Last year, we had Calkin and Trotter. This year, we had no idea what we'd have. I think we've found our lineup, though."

It's a lineup that in the Fall 2008 season has displayed some inconsistency that comes with youth.

The example came in back-to-back weeks, when the Terrapins won the Spider Fall Invitational (Oct. 13-14) and then finished in the lower part of the field at the Lady Pirate Intercollegiate (Oct. 19-21).

The example also came at the Palmetto Intercollegiate (Oct. 27-28), where Maryland opened with a 306 team score, followed with a 327 and rallied to post a 308 in the final round and finish ninth.

"As a young team, we see glimpses of greatness and glimpses of not-so-greatness."

One player who has been consistent in the fall is Jessica Hollandsworth.

"Our strength this year will be the freshman class," said Rodenhaver. "Jessica (Hollandsworth) and Lauren (Varnas) are two solid players for us, and Alexis (Holmes) played well for us at Kiawah. I think the future is bright for us."

Hollandsworth is potentially the top recruit in the history of the Terrapins' program. The freshman from Floyd, Va., posted two top-10 finishes, as well as her first individual title during the Fall 2008 season.

Her individual win in the Spider Fall Invitational helped the Terrapins to the team title in that event. Hollandsworth finished the fall with a 74.4 scoring average, and she posted four top-20 finishes in Maryland's five events.

"She's a strong player; very long off the tee," Rodenhaver said of Hollandsworth. "You can't tell if she's playing good or bad.

"She's clearly the best freshman we've had. She's a legitimate ACC player. Her intentions are to play the LPGA Tour, and I think she has the power to do it."

Varnas, a freshman from Chatham, N.J., was one of four Terps to play in all five competitive events in the fall and she finished with an 80.0 scoring average. Her score counted toward the team total in 79 percent of the fall rounds, and she had her first top-10 finish as a collegian when she tied for 10th at the Spider Fall Invitational.

Holmes, from West Chester, Pa., hit the starting lineup at the final event of the fall and finished third on the team at the Palmetto Intercollegiate. She opened that event with a 71.

Seniors Lara Peffley and Carla Wasienko have taken a leadership role, according to Rodenhaver, even though their playing time in the Maryland program may have been somewhat

limited. Peffley is in her second season at Maryland after transferring from Radford University, while Wasienko has played in five events coming into her senior year.

"To Lara and Carla's credit, they've done a good job as leaders," said Rodenhaver. "They've grown into that role."

Sophomore Hilary Lawson was Maryland's second-leading scorer in the Fall 2008 season and she will head to the spring firmly entrenched in the No. 2 spot in the lineup. Lawson has improved her scoring average from 78.5 last year as a freshman to 77.9 over five fall events.

Her final-round 70 at the Spider Fall Invitational was the lowest 18-hole score posted by a Terrapin in the fall and helped Maryland earn the team title in that event.

"I'm really proud of Hilary," said Rodenhaver. "She went home after last year and had a really good summer. Shooting that 70 should give her some confidence as we head toward spring.

Fellow sophomore Kerri Connolly will battle with Holmes and Varnas for playing time in the spring. Connolly finished her freshman year with a 77.9 scoring average, but is still looking for some consistency in her sophomore campaign.

Peffley should open the spring in the No. 3 spot in the lineup and has also shaved a half-stroke off her scoring average from a year ago.

Wasienko cracked the Terrapins' lineup at the end of the spring season a year ago and was part of Maryland's effort at last year's ACC Championship, where the Terps finished seventh in a national-class field.

Junior Jessica Unger also returns for her third season in the program.

"This is something of a rebuilding year," said Rodenhaver. "Hopefully we'll have a good spring out of our players, and I'm excited about the future with a solid recruiting class coming in to join this group of returning players."

HOLLANDSWORTH**

HEAD COACH JASON RODENHAVER

10TH SEASON AT MARYLAND • MARYLAND '94

Jason Rodenhaver, who has overseen the development of the University of Maryland women's golf program since its inception in 1999, is in his 10th season as the Terrapins' head coach and is enjoying the progress the program has made, shown by the unparalleled heights the women's golf team has reached.

Recently, Maryland has exploded onto the regional and national scene. In 2007-08, the Terrapins captured the Spider Fall Invitational, one of three events in which the Terps posted a top-three finish as a team. Over the last three seasons, Maryland has won five team championships after winning three titles in the first seven years of the program.

The Terrapins made their second straight NCAA regional appearance in 2007 and played well in the tough Atlantic Coast Conference Championships, putting two players in the top 20 and finishing sixth as a team. The Terps placed 18th at the 2007 NCAA Central Regional, hosted by the University of Michigan.

The women's golf team reached its first NCAA postseason event in Spring 2006, finishing 14th of 21 teams at the NCAA East Regional in Browns Summit, N.C. Maryland also placed fourth at the Atlantic Coast Conference Championships, the Terrapins' best finish in the league tournament in the program's history.

A former Terrapin player and assistant coach for the university's men's golf team, Rodenhaver was selected to oversee the women's golf program on Nov. 19, 1998. It was then he began the enviable task of building a brand new program that launched during the fall of 1999. A professional golfer, Rodenhaver enthusiastically made the move to the

coaching ranks and has created a new era at the University of Maryland.

With his sights set firmly on developing a solid foundation for the program, Rodenhaver has been given the resources necessary to compete at the national level. His playing and coaching experiences coupled with his competitive spirit and drive to be successful can mean only one thing for the women's golf program at Maryland: eventual long-term success.

Under his guidance, the Terps made their presence known in only their second full season, tying for first place at the James Madison Lady Dukes Invitational in April 2001. On numerous occasions in the following seasons, Terrapin golfers have won or shared individual tournament titles.

Rodenhaver was the assistant men's golf coach at Maryland and an assistant golf professional at the University of Maryland Golf Course when he was named to lead the newly created women's program.

"Clearly, Jason was the most qualified and the best fit for his role of our new head coach," said director of athletics Deborah A. Yow upon Rodenhaver's appointment. "Given his level of familiarity with the university and the local golf community, he will jump-start our women's golf program, with the long-range goal of becoming a top-20 team. Women's golf is our 13th sport for female student-athletes. Its addition is the capstone to our six-year gender equity plan."

On the course, Rodenhaver has co-directed Maryland's summer camp for junior golfers and was tournament director of the State Farm Collegiate Players Tour, held at the University of Maryland Golf Course, from 1994-1998. He also organized the UM golf team reunion tournament in 1998 which helped raise \$15,000 for the program.

A 1994 graduate of the University of Maryland, Rodenhaver played three seasons for the Terps and led the team to a fifth-

place finish at the Atlantic Coast Conference championship in 1994. The finish was Maryland's highest in the conference championship since 1978. Rodenhaver was a two-year captain of the Terrapin men's golf team and a participant in the NCAA East Regional in 1994. He played at Southern Methodist for one season (1990-1991) before transferring to Maryland. He received his bachelor's degree in kinesiology from Maryland in 1994 and is currently pursuing his master's in business administration.

"I truly believe that we are moving in the right direction and are committed to winning both on and off the course," said Rodenhaver. "I want all of our student-athletes to excel both academically and athletically. I want them to be eager to work hard and be the best they can be every day and in every aspect of their lives."

Rodenhaver is a native of Odessa, Texas. Most of his family, including his wife, Robyn, are graduates of University of Maryland. His father is a member of the National Golf Coach's Hall of Fame and a former assistant golf coach at Maryland. He and his wife, Robyn, have a son, Austin, and had twins, Gavin and Reese, in September 2004.

KERRI CONNOLLY

SOPHOMORE
DUXBURY, MASS. • DUXBURY HS

Fall 2008: Played in three of five events during fall of her sophomore year... Low rounds were back-to-back 81s shot at the Spider Fall Invitational, where she tied for 42nd at 162... Finished with 84.0 scoring average in 8 rounds.

Spring 2008: Second on the team in scoring average in spring events at 77.7... Finished full 2007-08 season third on the team in scoring at 77.9... Score counted toward team total in 78 percent of rounds... One of three players to finish all 27 competitive rounds in 2007-08... Low-18 of the year was 71 in the first round of the Cuthbert Cup... Tied for 3rd there with teammate Kelly Calkin (71-74—145)... Led Terps in scoring at Lady Seahawk with 77-75-79—231 and a tie for 35th... Went 78-79-78—235 to place 36th at ACC Championships.

Fall 2007: Finished fourth on the team in scoring average at 78.1... Had 4 of her 14 rounds at 75 or better... 63 percent of her rounds counted toward the team score... Had a top-20 finish with T15 at the Nittany Lion Fall Invitational (77-81-76—234)... Best team result came in her collegiate debut, when she tied for team-high honors with a T27 finish at the Cougar Classic (74-75-73—222), matching the 54-hole score of Kelly Calkin... Her final-round 73 in that event stands as her best 18-hole score to date.

Before Maryland: Two-time state golf champion at Duxbury HS... Team captain as junior and senior seasons for golf team... Two-time all-star and MVP in ice hockey... Was team captain for ice hockey squad as a senior.

Personal: Born March 8, 1989... Parents are Kerin and Mark Connolly... Oldest of four children, siblings are Colleen, Briana and Cory... Undecided as of yet on a major... Enjoys playing ice hockey... Says her outgoing personality is a plus.

JESSICA HOLLANDSWORTH

FRESHMAN
FLOYD, VA. • FLOYD COUNTY HS

Fall 2008: Led Maryland with a 74.4 scoring average during 14 rounds... Also led the team with five rounds at or under par and eight rounds at 75 or lower... Earned individual title at the Spider Fall Invitational with 1-under-par score of 72-71—143... Led Terps to the team title in that event in 14-team field... Was low scorer for Maryland in all five fall events and had all 14 of her scores count toward the team total... Also got T2nd with 74-73-71—218 at the Badger Invitational, hosted by Wisconsin... Had pair of other top-20 finishes at Lady Pirate (79-78-71—228 for T17 finish) and at Palmetto Intercollegiate (78-78-76—232 for T20th).

Before Maryland: Three-year All-State selection in Virginia... Won the Virginia High School League Group A individual title (68-70—138) and helped Floyd County HS to the team title in 2007 and 2008... Also won state individual title in 2004... Won the Virginia State Golf Association Junior Girls Championship in summer 2007 by 15 strokes... Set the event's single-round scoring mark with an opening-round 6-under-par 66... Went 66-68—134 to post a 10-under total at Independence GC in Midlothian, Va... Became the first player to have two rounds in the 60's at that event since 1970... Won the Virginia State Golf Association Junior Girls title in 2005 as a 15-year-old... Shot a 73 in the final round to post a two-stroke victory... Won two events on the International Junior Golf Tour.

Personal: Born Oct, 19, 1989 in Floyd, Va.... Parents are Barry and Susan Hollandsworth... Father is a high school principal... Mother played tennis at Radford Univ... Has two younger sisters... Says the toughest thing about being a student-athlete is time management... Enjoys working out... Majoring in kinesiology... Chose Maryland over James Madison and Virginia.

ALEXIS HOLMES

FRESHMAN
WEST CHESTER, PA. • UNIONVILLE HS

Spring 2008: Played in three of five events as a true freshman for Maryland... Earned an 80.6 scoring average in eight rounds... Best finish was T37 when she was in the lineup at the Palmetto Intercollegiate... Shot an opening-round 71, her low 18-hole score of the semester... Also in lineup at the Badger Invitational (80-82-84—246, 61st)... Score counted toward team total in 3 of 6 rounds she appeared in the lineup... Was T42nd as an individual at the Spider Fall Invitational.

Before Maryland: Graduated from Unionville HS in Kennett Square, Pa.... Finished T5th at the 2007 Pennsylvania State high school tournament (76-75--151)... Ranked 3rd in the state of Pennsylvania junior girls ratings by Golfweek... Third team All-American on the FCWT in Summer 2007... Won the FCWT Fair Oaks title and was third at the 2006 Virginia Beach Championship... Fourth at the AJGA CourseMax Philadelphia Runner Championship... Also attended Lincoln (Neb.) Southwest HS... Won the Nebraska Girls State Junior Amateur in 2006, winning the event by one stroke after making a 10-foot birdie putt... Earned the Outstanding Academic Achievement Award with a 4.3 GPA, finishing at the top of her class... Earned AP Scholar Distinguished Honors.

Personal: Born Aug. 19, 1990 in St. Paul, Minn... Parents are Michael and Shelia Holmes... Has a younger brother, Miles... Hopes to major in English and minor in philosophy... Interested in becoming a lawyer and possibly a writer... Nickname is "Lex"... If she could play another sport for Maryland, would be interested in track and field... Came to Maryland for Honors Program, to play for Coach Rodenhaver, for the big school and to experience the Washington, D.C., area... Enjoys fitness, music and movies... Chose Maryland over Penn State, Columbia, Xavier, Minnesota and Georgetown.

HILARY LAWSON

SOPHOMORE
GAITHERSBURG, MD. • MAGRUDER HS

Fall 2008: Second on the team with 77.9 scoring average and one of four Terps to play in all 14 competitive rounds in the fall semester... Her 70 in the second round of the Spider Fall Invitational was the lowest by any Maryland player in the fall season... She finished 5th in that event (78-70—148), helping the Terps earn the team title... Low 54-hole total was a 229 in the season-opening Cougar Classic (75-77-77—229), where she tied for 59th... Score counted toward team total in 96 percent of competitive rounds.

Spring 2008: Finished full season with 78.5 scoring average, fourth on the team... Five of her 24 rounds were at 75 or lower and her score counted toward team total in 81 percent of rounds... Best finish of the spring was T17th at the Cuthbert Cup (74-76—150), where she was third on the team... Opening-round 74 was her best 18 holes of the spring semester... Finished fourth on the team and 37th overall at the ACC Championships, where she shot an opening-round 77 (77-81-80—238).

Fall 2007: Was third on the team in scoring average at 77.2... 85 percent of her rounds counted toward the team score, second on the team... Best finish of the fall was a 4th-place finish individually at the Nittany Lion Fall Invitational (76-75-78—229), when she was the top terp on the leader board... Also had a top-20 finish at the Spider Fall Invitational, tying for 12th (80-75—155)... Her best 18 holes came in the final round of the Napa River Grill Cardinal Classic, where she had a 1-over-par 73 (79-75-73—227).

Before Maryland: Won district title in both 2003 and 2006 at Magruder HS... Captained the golf team... Earned honor-roll status in all four years... Lists winning the Bobby Bowers Memorial Golf Tournament as her most memorable moment.

Personal: Born July 31, 1989... Parents are Marybeth and Dan Lawson... Says the best part of her game is her distance... Hopes to major in business at Maryland... Enjoys horseback riding... Also played soccer.

LARA PEFFLEY

SENIOR
LEBANON, PA. • CEDAR CREST HS (RADFORD)

Fall 2008: Had solid start to senior year by finishing third on the team with 78.6 scoring average in 14 rounds... Low 18-holes of fall was a 75 in her first round of the fall season... Went 75-77-79-231 to tie for 69th at the Cougar Classic... Best individual finish was T31st at the Spider Fall Invitational (80-78-158), where Maryland won the team title... Second on the team at the Palmetto Intercollegiate (76-82-77-235), where she was 33rd... Scoring average was third on the team in five fall events.

Spring 2008: Ended 2007-08 full season with 79.1 scoring average and with 74 percent of her scores counting toward team total... Played in three events and seven rounds for Terps in spring... Low 18 of spring was 78 in final round of Pinehurst Challenge (81-84-78-243), where she tied for 73rd... Best individual finish of spring was 51st at the Cuthbert Cup (80-79-159) at Kiawah.

Fall 2007: Finished her first semester at Maryland with a 78.2 scoring average... Played in all 14 rounds for the Terps... Had a top-10 finish at the Spider Fall Invitational in Richmond, Va., by placing 9th (76-77-153)... Placed third on the team in scoring in three of five events... Carded her season-best 18-hole score of 76 on four occasions, most recently in the second round of the Edwin Watts / Palmetto Intercollegiate, where her 233 total (78-76-79) matched her best 54-hole score of the fall (78-79-76-233 at the Napa River Grill Cardinal Classic.

Before Maryland: Transferred to Maryland from Radford (Va.) University... Played two seasons with the Highlanders, where she was a Big South Conference All-Academic pick as a sophomore... Tied for 16th to lead Radford to a 6th-place finish at the 2007 Big South Conference Championship (75-83-80-238)... Placed 14th in the BSC in scoring average as a sophomore at 79.1, best on the team... Earned BSC Player of the Week honors on 3/15/07 after a T23 finish at the North-South Women's Collegiate... Best finish as a sophomore was a T4th at William & Mary... Best round was a 72 at the Draper Valley Women's Invitational... Led the Highlanders in six of nine events... Finished

16th as a freshman at the 2006 Big South Championship (75-83-76-234), as Highlanders also finished 6th as a team... Her 79.5 scoring average as a freshman was 15th in the BSC and also led her team.... Tied for 7th as a freshman at the Draper Valley Invitational... Had Highlanders' low score five times in nine events, including the first four of her collegiate career... Played in high school at Cedar Crest HS.

Personal: Born August 25, 1987... Parents are Linda and Gerald Peffley... Brother Blaine played golf at Maryland... Lists Natalie Gulbis as her favorite athlete... Enjoys golf and shopping

JESSICA UNGER

JUNIOR
BETHESDA, MD. • WALT WHITMAN HS

Fall 2008: Did not appear in any events for the Terps.

2007-08: Did not appear in any events for the Terps.

2006-07: Did not appear in any events for the Terps.

Before Maryland: Earned Scholar-Athlete Award for four years at Walt Whitman High School in nearby Bethesda, Md... Member of Maryland State Team in 2005... Captain of golf team her senior year... Whitman finished fourth in the state her senior season... First team All-Gazette as junior when her nine-hole stroke average was a 38... Earned district title as a junior... Member of Optimist Golf Board of Advisors in 2005... Represented the state of Maryland at the Optimist International and the Big "I" Invitational... Has a career-low round of 70... High school golf coach was Karl O'Donohue... Also competed as a sprinter on the indoor track and field team as a freshman... Student life editor of the high school yearbook.

Personal: Born June 19, 1988... Daughter of Aileen and Anthony Unger... Has one brother and one sister, both older... Majoring in philosophy en route to a career in law... Chose Maryland over James Madison, Lehigh and Georgetown because of its perfect mix of amazing academics and excellent athletics... Lists golfers Chris DiMarco and Sean Taylor as her favorite athletes... Gets uncomfortable when the clubs in her bag are out of order... Enjoyed watching "Caddyshack."

LAUREN VARNAS

FRESHMAN
CHATHAM, N.J. • OAK KNOLL SCHOOL

Fall 2008: Played in all five events and 14 rounds during her freshman semester at Maryland... Finished with 80.0 scoring average... 11 of her 14 rounds counted toward the team total... Earned a top-10 finish with a T10th at the Spider Fall Invitational, where she went 75-76—151 to help Maryland win team title... Best round of the fall was a 73, posted as Terps' best score in the opening round of the Badger Invitational at Wisconsin (73-84-85—242)... Low 54-hole total was 239, carded in her first collegiate event at the Cougar Classic (77-81-81—239)... Three of her 14 rounds were at 75 or better in the fall.

Before Maryland: Individual prep champ in two seasons of golf at the Oak Knoll School in Summit, N.J... Only two seasons of golf... Played on Group 1 state championship field hockey team for three seasons (junior and senior)... Team also won the Mountain Valley Conference and Union County championships... Also played one year of basketball... Earned the Kelly E. Durkin Award at Oak Knoll... Played in USGA U.S. Girls Junior Nationals... Finished second in Conn. Section qualifier to earn berth... Ranked 4th in state of New Jersey junior girls ratings by Golfweek... Finished T8th at the 2007 New Jersey State Girls Championship (79-82—161)... All-State selection as a junior by Newark Star-Ledger... Captured the Rutgers Invitational prep tournament... Played in IJGT events.

Personal: Born March 13, 1990 in Morristown, N.J... Parents are William and Karen Varnas... Has no siblings... Enjoys working out... Chose Maryland over Georgetown and Lehigh.

THE UNIVERSITY OF MARYLAND

DEEP ROOTS, BROAD IMPACT

Charles Benedict Calvert founded the Maryland Agricultural College in 1856 with the goal of creating a school that would offer outstanding practical knowledge to him and his neighbors and be "an institution superior to any other."

One hundred and fifty years later, the University of Maryland has blossomed from its roots as the state's first agricultural college and one of America's original land grant institutions into a model of the modern research university. It is the state's greatest asset for its economic development and its future, and has made its mark in the nation and the world.

Calvert would be astounded by the depth and breadth of research activities, innovative educational programs, and the single-minded pursuit of excellence that are part of the University of Maryland today. Maryland is ranked 18th among the nation's top public research universities by *U.S. News & World Report*, with **31 academic programs in the Top 10 and 86 in the Top 25**. It is also ranked No. 37th in the world, according to the Institute of Higher Education at at Shanghai's Jiao Tong University.

Maryland is the state's premier center of research and graduate education and the public institution of choice for undergraduate students of exceptional ability and promise. The faculty includes four Nobel laureates, six Pulitzer Prize winners, a three-time Emmy Award winner, more than 40 members of national academies and scores of Fulbright scholars. The university focuses great attention on the highest academic standards, affordability for all qualified students, and a President's Promise program that guarantees opportunity for extraordinary extracurricular and professional experiences for each student.

It has earned a national reputation for its enriched educational experiences for undergraduates, including such widely imitated living/learning programs as College Park Scholars; Gemstone, a unique program that brings teams of students together from across disciplines to tackle specific technical problems; and the Hinman CEO Entrepreneurship Program, sponsored jointly by the A. James Clark School of Engineering and the Robert H. Smith School of Business, and widely recognized as the most successful student entrepreneurship program in the nation.

These programs are guided by outstanding faculty whose accomplishments in research abound. Whether the issue is Mideast peace, cutting-edge research in nanoscience, homeland security or bioscience advances, Maryland faculty are selected for national leadership and are making news. Many recent major faculty initiatives receiving significant external support strengthen our homeland security endeavors—centers for research on agrosecurity and emergency management; intermodal freight transportation security; behavioral and social analyses of terrorism and responses to terrorism; astrophysics and advanced world climate and weather prediction; and a national Center for Advanced Study of Language.

In addition to its academic prowess, Maryland is also home to the Terrapins, whose athletic achievements are a perennial source of pride for nearly 250,000 alumni and residents of the state. In 2005-2006, the Terrapins brought home national championships in four sports — men's soccer, field hockey, competitive cheer and women's basketball — more than any university in the nation.

Whether aiming for the skies or pioneering journalism programs in China, the University of Maryland is surging ahead. Building on the work of outstanding faculty and students, and with the loyal support of alumni and friends, Maryland is moving aggressively and confidently to a decade that will shine brighter than any other in its history.

DR. C.D. MOTE UNIVERSITY PRESIDENT CALIFORNIA '59 10TH YEAR

In September 1998, C. D. (Dan) Mote, Jr. began his tenure as President of the University of Maryland and Glenn L. Martin Institute Professor of Engineering.

He was recruited to lead the University of Maryland to national eminence under a mandate by the state. Since assuming the presidency, he has encouraged an environment of excellence across the University and given new impetus to the momentum generated by a talented faculty and student body. Under his leadership, academic programs have flourished. In 2005, the University was ranked 18th among public research universities, up from 30th in 1998. President Mote has emphasized broad access to the university's model, enriched undergraduate curriculum programs and launched the Baltimore Incentive Awards Program to recruit and provide full support to high school students of outstanding potential who have overcome extraordinary adversity during their lives.

He has spurred the university to lead the state in the development of its high-tech economy, especially in the information and communication, bioscience and biotechnology, and nano-technology sectors. President Mote has greatly expanded the university's partnerships with corporate and federal laboratories and successfully negotiated to bring to the College Park area the first Science Research Park sponsored by the People's Republic of China. Under his leadership, the University has established a research park, The University of Maryland Enterprise Campus, M-Square, located on a 115-acre site adjacent to the University of Maryland/College Park Metro with 3 million square feet of development potential. Among its first tenants are the Center for Advanced Study of Language, a joint venture of the University and Department of Defense, and the National Oceanic and Atmospheric Administration's new World Weather and Climate Prediction Center.

During President Mote's second year in office, the University began the largest building boom in its history, with more than \$100 million in new projects breaking ground that year. New facilities address every aspect of university life, from the arts to recreation to classrooms and laboratories, and, in creative partnership with the private sector, new residential facilities. Highlights of the construction activity include the stunning Clarice Smith Performing Arts Center; the Comcast Center, a state of the art sports complex; a high tech research greenhouse; and new classrooms for chemistry, computer science, business and engineering. President Mote also led the development of a new Facilities Master Plan for development in the next 20 years, which is noted for its emphasis on environmental stewardship.

Dr. Mote is a leader in the national dialogue on higher education and his analyses of shifting funding models have been featured in local and national media. He has testified on major educational issues before Congress, representing the University and higher education associations on the problem of visa barriers for international students and scholars and on deemed export

control issues. He has been asked to serve on a high level National Academies Committee appointed at the request of the Senate Energy Subcommittee of the Senate Energy and Natural Resources Committee to identify challenges to United States leadership in key areas of science and technology and to be a member of the Leadership Council of the National Innovation Initiative, an activity of the Council on Competitiveness. He has served as vice chair of the Department of Defense Basic Research Committee, and is a member of the Council of the National Academy of Engineering. In 2004-2005, he served as President of the Atlantic Coast Conference. In its last ranking in 2002, "Washington Business Forward" magazine counted him among the top 20 most influential leaders in the region.

Prior to assuming the Presidency at Maryland, Dr. Mote served on the University of California, Berkeley faculty for 31 years. From 1991 to 1998, he was Vice Chancellor at Berkeley, held an endowed chair in Mechanical Systems and was President of the UC Berkeley Foundation. He led a comprehensive capital campaign for Berkeley that raised \$1.4 B. He earlier served as chair of Berkeley's Department of Mechanical Engineering and led the department to its number one ranking in the National Research Council review of graduate program effectiveness.

Dr. Mote's research lies in dynamic systems and biomechanics. Internationally recognized for his research on the dynamics of gyroscopic systems and the biomechanics of snow skiing, he has produced more than 300 publications, holds patents in the U.S., Norway, Finland and Sweden, and has mentored 56 Ph.D. students. He received a B.S., M.S. and Ph.D. in mechanical engineering from the University of California, Berkeley. President Mote has received numerous awards and honors, including the Humboldt Prize awarded by the Federal Republic of Germany. He is a recipient of the Berkeley Citation, an award from the University of California-Berkeley similar to the honorary doctorate, and was named Distinguished Engineering Alumnus. He has received two honorary doctorates. He is a member of the U.S. National Academy of Engineering and serves on its Council, and is a member of the American Academy of Arts and Sciences. He was elected to Honorary Membership in the ASME International, its most distinguished recognition, and is a Fellow of the International Academy of Wood Science, the Acoustical Society of America, and the American Association for the Advancement of Science. In Spring 2005, he was named recipient of the 2005 J. P. Den Hartog award by the ASME International Technical Committee on Vibration and Sound to honor his lifelong contribution to the teaching and/or practice of vibration engineering. In Fall 2005, he received the 2005 Founders Award from the National Academy of Engineering in recognition of his comprehensive body of work on the dynamics of moving flexible structures and for leadership in academia.

He and his wife of over 40 years, Patricia Mote, have two married children, Melissa and Adam, and four grandchildren. Patsy Mote has continued her strong support of the arts and is spokesperson for the Clarice Smith Performing Arts Center and a member of Prince George's County Arts Commission.

DEBORAH A. YOW

DIRECTOR OF ATHLETICS • 15TH YEAR AT MARYLAND

Deborah A. Yow is in the 15th year of her outstanding tenure as director of athletics at the University of Maryland, a tenure that has seen unprecedented success and achievement in Maryland athletics. In Yow's 14-plus years at Maryland, the Terrapins have won a remarkable 18 national championships and graduated student-athletes at an enviable rate as Maryland athletics has soared to sustained new heights among the nation's elite intercollegiate athletic programs.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony of her values of **excellence, teamwork and accountability.**

Likewise, her prior election to the presidency of the National Association of Collegiate Directors of Athletics is an indication of the wide respect with which she is regarded among its 6,100 members representing 1,600 colleges and universities in the U.S. and Canada. She serves as the current President of the national Division I-A Athletic Directors Association and is a member of the Board of Directors of the National Football Foundation, as well as the Board of Directors of USA Football and the NCAA Division I Men's Basketball Academic Enhancement Committee.

She has been honored by *Street and Smith's Sports Business Journal* as one of the 20 most influential people in intercollegiate athletics, was cited in *The Chronicle of Higher Education* in October 2007 as one of the "Ten Most Powerful People in College Athletics/The Builder" and she has received the Carl Maddox Sport Management Award presented by the United States Sports Academy for excellence in athletics administration.

Dr. Yow was selected to serve on the U.S. Department of Education's Commission on Opportunities in Athletics to review the status of Federal Title IX regulations. She served as the chair of the Atlantic Coast Conference Committee on Television. The committee is charged with overseeing the league's TV contracts and dealing with issues related to television, including multi-year ACC football and basketball contracts with ABC, ESPN, ESPN2 and syndication entities.

Additionally, she has represented intercollegiate athletics with presentations in a number of prominent settings such as the Harvard University School of Law conference on "Shaping the Future of Collegiate Athletics" and the *Street and Smith's Sports Business Journal* "National Forum on the Direction of Intercollegiate Athletics" in New York.

Yow, who has served on the NCAA Management Council and the NCAA Division I Budget Committee, is a strong and steady voice on behalf of intercollegiate athletics in America.

Since taking over as AD at Maryland in 1994, she and her staff have:

- Transformed Terrapin athletics into a responsive, goal-oriented organization with 27 sports and more than 700 student-athletes.
- Balanced all 14 of the department's annual budgets (none of the budgets were balanced in the 10 years prior to her arrival). The budget now approaches \$60 million annually and the \$51 million debt which her administration inherited has been reduced to \$7.6 million.
- Greatly enhanced the academic support services provided for student-athletes, with an enviable exhausted eligibility graduation rate of approximately 85 percent for student-athletes at Maryland. Academic outcomes and student-athlete welfare have received consistent and focused attention.
- Led the Terrapins to a national all-sports ranking in the upper 7 percent of all NCAA Division I institutions.
- Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased

over 350 percent and corporate sponsorship revenues have increased by over 300 percent during her tenure at Maryland.

- Continued to dramatically improve venues and facilities for the department's 27 teams. The 18,000-seat Comcast Center for men's and women's basketball and other sports that use the facility is a prime example of the remarkable \$250 million upgrade of athletic facilities.
- Implemented a strategic management model.
- Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.
- Significantly improved customer care in every area of Maryland athletics.

The most recent achievements of Maryland athletics are exceptional:

- Maryland captured a remarkable seven national championships during the past three seasons.
- In the recent academic year, the Terrapins achieved the highest student-athlete graduation rate in the history of Maryland athletics and had the highest graduation rate of any public institution in the Atlantic Coast Conference.
- Fundraising for Maryland athletics set a historic mark of \$24.7 million in 2006-07.
- Maryland was selected by *U.S. News & World Report* and *Sports Illustrated* as one of the Top 20 athletic programs in the nation (for overall quality and competitive excellence).
- In 2005-06, Maryland Athletics won the inaugural PRISM Award as the best-managed Division I collegiate athletics program in the nation.
- Maryland was ranked as the sixth-finest athletic program in the nation by the Center for the Study of Intercollegiate Athletics, based on comprehensive criteria such as graduation rates, financial efficiency, equity effectiveness and competitive excellence.
- In men's basketball, the Terps won the Atlantic Coast Conference title over Duke in the championship game in 2004 and won the NCAA National Championship in 2002. Under Coach Gary Williams, the men's basketball team appeared in 11 consecutive NCAA Tournaments and in 12 of the last 15 tournaments.
- Women's basketball won the 2006 NCAA National Championship under head coach Brenda Frese, completing an amazing turnaround that saw the program go from a 10-18 record to a National Championship in four seasons.
- In football, the Terps won the 2001 Atlantic Coast Conference championship and played in the 2002 Orange Bowl, followed that with an 11-win season and a 30-3 victory over the University of Tennessee in the Peach Bowl, again followed by a 10-win season and a 41-7 win over West Virginia in the Gator Bowl on New Year's Day 2004. In the 2006 season, Maryland returned to the bowl scene, where the Terps defeated Purdue, 24-7, in the Champs Sports Bowl, and in 2007 was selected to play Oregon State in the Emerald Bowl in San Francisco. Graduation rates in football are exemplary and the program was recently recognized by the American Football Coaches Association for its academic excellence under Coach Ralph Friedgen.
- Additionally, Maryland is one of only three universities in the nation to win National Championships in men's basketball, women's basketball and football. Stanford and UCLA are the other NCAA Division I institutions to achieve that mark.
- Set an ACC single-game record for women's basketball attendance by drawing 17,950 to a regular-season game at Comcast Center and led the ACC in season attendance.

- Hired Dave Cottle, the sixth-winningest active men's lacrosse coach in the U.S., who guided his team to the NCAA Final Four in three of his first four seasons.
- Field hockey earned National Championships in 2005, 2006 and 2008, and has become a perennial participant in the Final Four in that sport.
- In women's lacrosse, hired Cathy Reese, who was named the 2007 ACC Coach of the Year in her first season as coach of the Terps.
- Men's soccer has appeared in five Final Fours in the past six years and won the 2005 and 2008 NCAA National Championship.
- Football facilities have been significantly enhanced with team house, stadium and practice field upgrades. The Football Academic Center was the first improvement, as it took priority over all other initiatives.
- In 2006-07, 16 Maryland teams competed in postseason play.
- The productivity, morale, and the competitive and academic achievement of Terrapin athletics are exceptional and continue to gain momentum.

Regarding the many achievements of Terrapin athletics over the past 14 years, Yow says, **"We are pleased, but we are not satisfied... our vision is to be one of the Top 5 programs in the nation consistently... we see no reason to settle for less."**

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to **"raise our sights and sharpen our tools... to work hard and work smart... to recognize that our only limitations are those that we place upon ourselves."**

As a manager and a leader, she clearly models these principles. She is the only known current AD in NCAA Division I who has hired both the National Coach of the Year in football (while at Maryland) and the National Coach of the Year in men's basketball (while at Saint Louis University). In 2002, she also brought to the University of Maryland Brenda Frese, who at that time was the National Coach of the Year in women's basketball. Four years later, Frese led the Terrapins to the NCAA National Championship at the Women's Final Four in Boston.

Dr. Yow is known as "a coach's A.D.," while also being highly organized and a strategic and proactive leader and administrator. Quite simply, Debbie Yow personifies the relational and management dynamics that are necessary to be an excellent administrator and leader.

A successful former basketball coach, she moved into athletics administration at the University of Florida and the University of North Carolina, Greensboro, followed by a successful tenure as A.D. at Saint Louis University.

She has authored numerous articles and books on athletics management and human behavior, and is a respected leader in intercollegiate athletics in the United States. She holds a bachelor's degree from Elon University, a masters degree from Liberty University and a doctorate (*honoris causa*) from the U.S. Sports Academy and an honorary doctorate for career achievement from Elon University.

Summing up the entire Maryland athletics program, our athletics director recently stated, "We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets, our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the M Club members who serve and give liberally. We are also blessed with a terrific President, Dr. Dan Mote, who has fostered a mindset of excellence across our institution. He is a strong and balanced advocate for what he calls 'the three A's of the University -- Academics, the Arts and Athletics'. We have a great Terrapin family. That's the foundation for all of our success... and the basis for our bright future. It's a great time to be a Terp."

ACADEMIC SUPPORT AND CAREER DEVELOPMENT

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.

Led by associate athletics director Anton Goff, the mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes. **Don Pearman** works with the Maryland women's golf team.

The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for long-time Terp supporters Barry and Mary Gossett, is located in the Comcast Center. It features a study center that includes 25 desktop computers, a tutoring center, a classroom, a CHAMPS/Life Skills resource room and individual offices for professional academic counselors, a director of enrichment programs, an assistant program coordinator and a graduate assistant. In addition, a new academic wing was added to the Gossett football team house recently. It features offices for two counselors, a program coordinator and three learning specialists; as well as a quiet study area, 29-desk computer lab, classroom, tutor rooms and classroom/lab for the individualized learning program.

Academic courses, programs and services offered by ASCDU include the following:

- Student-athlete orientation
- Academic counseling
- NCAA academic eligibility monitoring
- Academic enrichment and career development presentations and workshops
- Accredited tutorial support
- Individualized learning program
- EDCP 108-K (College learning strategies and skills)
- EDCP 108-M (Math learning strategies and skills)
- UNIV 100 (First-year transitions to the university)

MARYLAND GAMEPLAN

The Maryland Gameplan is intended to assist graduating Terrapin student-athletes as they begin the job search process. It is distributed to more than 500 corporations and businesses across the country, in addition to being featured on the M Club website. Prospective employers are introduced to our graduating student-athletes with resume information relative to academic, career and personal achievements. The Maryland Gameplan directory is produced annually in collaboration with the M Club.

CAREER NETWORKING NIGHT

Because career development is an ongoing process, ASCDU provides a variety of programs for student-athletes throughout the year. Professional assistance with resume-writing, interviewing skills, graduate school search and job search is readily available to all student-athletes. During the spring semester ASCDU hosts the Career Networking Night, where student-athletes can learn about career interests and career planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen areas of interest. Employers at the Career Networking Night recognize the marketable qualities student-athletes have gained through athletic participation. Student-athletes learn about opportunities for internships and full-time jobs.

STUDENT-ATHLETE ADVISORY COMMITTEE

The Student-Athlete Advisory Committee (S.A.A.C.) plays an important role in the Department of Intercollegiate Athletics. It consists of two representatives from each varsity sport and meets on a regular basis with representatives from the athletic administration. The S.A.A.C. mission is to enhance the total student-athlete experience by developing leadership skills, promoting student-athlete welfare and fostering a positive student-athlete image on the Maryland campus, local area and nationally.

CHAMPS/LIFE SKILLS PROGRAMS

ASCDU houses the NCAA's (National Collegiate Athletic Association) CHAMPS/Life Skills Program. The ASCDU staff, in collaboration with various other Department of Intercollegiate Athletics' units and campus resources, strives to provide a systematic personal development program designed to reach each student-athlete based on his or her individual needs. The focus of the program is on the individual academically, athletically and emotionally, and on the changing needs and skills of that individual in the years during college and after graduation. The menu of presentations, workshops and seminars is a comprehensive and balanced system of "life learning" programs promoted for use by each varsity sport team.

Highlights of the CHAMPS/Life Skills Programs:

- Support efforts of every student-athlete toward intellectual development and graduation
- Use athletics as preparation for success in life
- Meet the changing needs of student-athletes
- Promote respect for diversity among student-athletes
- Enhance interpersonal relationships in the lives of student-athletes
- Assist student-athletes in building positive self-esteem
- Enable student-athletes to make meaningful contributions to their communities
- Promote ownership by the student-athletes of their academic, athletic, personal and social responsibilities
- Enhance partnerships between the NCAA, member institutions and their communities for the purpose of education
- Encourage the development of leadership skills

CHAMPS/LIFE SKILLS PROGRAMS COMMITMENT STATEMENTS

Commitment to Academic Excellence

To support the academic progress of the student-athlete toward intellectual development and graduation.

Commitment to Athletic Excellence

To build philosophical foundations for the development of athletic programs that are broad-based, equitable and dedicated to the well-being of the student-athlete.

Commitment to Personal Development

To support the development of a well-balanced lifestyle for student-athletes, encouraging emotional well-being, personal growth and decision-making skills.

Commitment to Career Development

To encourage the student-athlete to develop and pursue career and life goals.

Commitment to Service

To engage student-athletes in service to his/her campus and surrounding communities.

ACADEMIC SUPPORT FOR RETURNING ATHLETES PROGRAM

The Academic Support for Returning Athletes Program was created in 1986 to support the academic efforts of former varsity student-athletes at the University of Maryland, College Park. In 1989, ASRAP was assigned by the President's Office to the Academic Achievements Program and enrolled 40 students that year. As a member of the National Consortium for Academics and Sports (NCAS), the University of Maryland is committed to assisting its former athletes with degree completion. A key component of the program is community outreach. Each returning student completes a "workshop" that allows the cost of tuition and fees to be exchanged for community services with youth. In 2002, ASRAP moved into the ASCDU.

MEDIA INFORMATION

MEDIA GUIDELINES

Credentials: Media and photographer credentials for events at Maryland's University Golf Course may be obtained by working print, radio and television by writing or calling Doug Dull in the Maryland Athletic Media Relations Office, 2715 Comcast Center, College Park, MD 20740. All requests should be submitted at least 48 hours prior to the event by phoning the Media Relations Office at (301) 314-7064. Since space is limited, accommodations are on a priority basis: daily newspapers and wire services, originating radio and television stations, national weekly or monthly publications, electronic media outlets, local and regional television crews. Priority is granted to members of the media who cover Maryland athletics on a regular basis, and to visiting media members. Photo passes will be issued only to accredited photographers on assignment.

Services: The Media Relations Office will provide complete statistics at the conclusion of every home match. Programs containing rosters and event notes on each team will be provided for the working media.

Fax Machine: The Media Relations Office has one facsimile machine, located in Room 2715 of Comcast Center, which is available upon request. The fax number is (301) 314-9094.

Terps on the Web: For up-to-date game stories, statistics, schedules and results, and other Maryland athletic department information, please locate www.umterps.com on the Internet.

WOMEN'S GOLF SUPERVISOR

RYAN BOWLES ASSISTANT ATHLETICS DIRECTOR

Ryan Bowles was promoted in the summer of 2006 to serve as Maryland's assistant athletics director for administration and championships. He will have the responsibility for all NCAA and Atlantic Coast Conference championship events hosted by Maryland and will serve as the sport supervisor for water polo, and men's and women's golf.

He will also serve as the liaison for campus and conference sportsmanship issues and will be the liaison to the Athletics Council, a group of faculty, staff and students which reports to the President's Office on matters regarding intercollegiate athletics at Maryland.

Bowles has been on the athletics staff since August 2003, beginning as an intern and working his way to his current position.

Prior to coming to Maryland, he was the Asa S. Bushnell Intern for Championships at the Eastern College Athletic Conference in Massachusetts. There he was also involved in event management and was the liaison for a number of championship committees.
